

“Everything in The World Has Its Uniqueness But Understanding That Uniqueness Is Difficult”

Editorial...

February was a month of vibrancy and achievement at Jawaharlal College of Engineering and Technology as various departments have hosted a plethora of events. These included workshops, seminars and competitions, enriching the academic experience. Agility is one character that takes anybody to any height if it is properly inherited into a system. It is very happy to find that the senior students have started culminating such activities in their programmes. In highlight, NCP&IR of JCET secured a major win with successful placement of students in Tech Mahindra, a testament to the quality of education and skills nurtured at our institutions. In another significant development JCET signed a MoU with Jet Aerospace opening up new avenues for collaborative research and academic exchange. As we step into the scorching months, it is essential for students to stay safe from the heat. Remember to stay hydrated and avoid prolonged exposure to the sun. Let’s make safety a priority and ensure a healthy and productive summer ahead.

NGI Ideathon-2024

Dr. B Vaikundaselvan, Dr. N. Gunasekaran, Mr. Jiju John, Dr. H N.Nagaraja, Dr. K. Radhakrishnan, Mr. Vignesh Radhakrishnan, Dr. Shine K.(left to right) on NGI Ideathon-2024 at JCET campus on 12/02/2024 Organized by Nehru Group of Institutions Technology Business Incubator(NGITBI).
